WELCOME TO THE MOVEMENT

WELCOME TO THE ACTION VC COMMUNITY CHANGERS!

We are so excited you have decided to join our team of thousands of volunteers across Ventura County seeking to create change right in our own backyards! Your participation ensures that we will complete multiple projects throughout the year to help those who are under-resourced and most vulnerable in our local neighborhoods. You are an integral part of our team- we would not exist without people like YOU!

ACTION VC is a local nonprofit organization that is making an impact in our communities- one neighbor at a time. We exist to serve the most vulnerable in our county by partnering with agencies, empowering volunteers, mobilizing churches and businesses, and raising awareness of the social and economic issues in our communities. We want to see neighbors connected, relationships restored, and communities inspired. We are already beginning to see this change happening, and hope that you will join us in our mission to love our neighbors well in Ventura County!

You may be wondering; what types of projects does ACTION VC take on? We have 6 different programs geared toward meeting the tangible needs of our neighbors in Ventura County. They are Community Christmas Shoppe, Love VC, Local Love Days, NOW Projects, Accessibility Projects, and Emergency Services. For more information on these programs please visit our website: www.actionvc.org.

We would love to get you connected where your talents and skills will shine best! Please reach out if you ever have any questions or concerns. We are glad that you are with us on this journey and look forward to serving our communities TOGETHER.

Sincerely,

Natalie Pavia
Executive Director

INTRODUCING ACTION VC

OUR PURPOSE

ACTION VC is a different kind of non-profit in Ventura County- we are individuals, churches, businesses and agencies who come together to serve the vulnerable in our communities. We believe that it takes a connected community to ensure that no vulnerable person falls through the cracks in our system. Together, we work to provide low-income seniors and persons with disabilities access to tangible service projects that improve their home safety and quality of life.

OUR MISSION

We exist to serve the most vulnerable in Ventura County by partnering with agencies, empowering volunteers, mobilizing churches and businesses, and raising awareness of the social and economic issues in our communities.

OUR VISION

Neighbors connected. Relationships restored. Communities inspired.

OUR CORE VALUES

- **Connected Community**- We believe all systems within our community need to work together to create holistic care for the most vulnerable in Ventura County. That is why we work to unite all of us- schools, agencies, churches and businesses- to serve our neighbors in need.
- **Sustainable Service**- We provide tangible service projects that improve the quality of life and home safety for those in financial, physical, and spiritual need. By setting aside an hour of our time to meet a repair need for a neighbor, we remind them that they are cared for and loved.
- **Transformative Time**- When we take part in service projects for our neighbors on the margins, we become aware of social and economic disparities within our communities- and Ventura County. This awareness enables us to help our communities heal, grow, and thrive.
- **Sound Stewardship**- Every investment in ACTION VC has the power to be multiplied. Each year on our \$200,000 budget, we put nearly \$900,000 back into Ventura County in donated toys, project materials and volunteer labor. That is more than four times the initial investment!

OUR PROGRAMS

Our programs are designed to meet tangible, physical, and spiritual needs.

COMMUNITY CHRISTMAS SHOPPE → This fun and festive event serves under-resourced families by providing toys for Christmas. We partner with local schools and social service agencies to find families otherwise unable to afford Christmas presents for their children and invite them to “shop” for toys at no cost.

LOVE VC → Our annual event brings acts of service to under-served communities across Ventura County. On one day in June, thousands of volunteers complete hundreds of large-scale projects to meet critical needs for low-income neighborhoods and local organizations.

LOCAL LOVE DAYS → We help businesses, small groups, and schools give back to their cities through smaller, but specifically tailored, projects that they can do in one day! Local Love Day projects focus on improving neighborhoods and communities!

NOW (NEEDS OF THE WEEK) & ACCESSIBILITY PROJECTS → We help under-resourced seniors, families, and those with disabilities by meeting critical minor home repair and accessibility needs that restore their safety and improve their quality of life.

EMERGENCY SERVICES → Currently, our COVID-19 services provide essential help to those who can't leave their homes due to health concerns and don't have family or neighbors around to help them. We bring phone companionship to those living in isolation, deliver groceries for the immuno-compromised, and provide care packages for those unable to make ends meet.

WHO AND HOW WE SERVE

WHO WE SERVE

With approximately 215,000 seniors, and over 76,000 low-income individuals in Ventura County, the goal of ACTION VC programs is to strategically connect volunteers with the individuals and families of those who need the most help. Numerous county agencies, hospital social workers, in-home caregivers, and other non-profits request volunteers from ACTION VC every day. ACTION VC responds by donating valuable time and talents to serve people in need. The generosity of ACTION VC volunteers impacts the lives of over 14,000 Ventura County residents every year.

OUR TARGETED INITIATIVES

We focus on serving those who often fall through the cracks of care in our systems.

UNDER-RESOURCED SENIORS

Seniors (65 and over) are the fastest-growing demographic in Ventura County, and 8% live below the poverty level. While most want to age in their homes, many live alone and can't take care of themselves on their own. By connecting our seniors to volunteers in their neighborhood, we can create restorative relationships, and meet critical needs that improve their well-being and safety.

VULNERABLE FAMILIES

There are many families that are at risk of being stuck in the cycle of poverty. They live paycheck to paycheck but are too wealthy to qualify for gov benefits, they have been impacted by an unforeseen loss of a loved one and now parent alone, or have had an unplanned medical emergency. By acting as a neutral ground, we connect families with other resources in the community to assist them, therefore meeting a "spiritual need" as well as a physical one.

PEOPLE WITH DISABILITIES

33% of the population are people living with one or more disabilities, and the majority are seniors. Persons with a disability are more likely to live in poverty compared to their neighbors. We tackle their accessibility needs so that they can remain independent and safe at home.

UNDER-SERVED NEIGHBORHOODS

Economic disparity and Invisible poverty exist within our community, and we often do not see it because we are contained by our own bubble. By linking arms with our church, agency, the school, and business partners, we combine our efforts to impact our communities- and truly move the needle on change!

OUR PHILOSOPHY OF VOLUNTEERISM

VOLUNTEERS ARE THE HEART OF ACTION VC!

ACTION VC donates over 20,000 hours of volunteer labor in the community every year. This donation of time and talents is possible solely through the generosity and dedication of nearly 4,000 volunteers. Every time an ACTION VC volunteer visits with a lonely senior or completes a small home repair, they display acts of service and embody a community that cares for their own. They are actively participating in the movement of serving our community- one neighbor at a time. In over 15 years of serving together throughout the Ventura County area, ACTION VC has established a legacy of giving back through volunteers' time and talents. **WE APPRECIATE YOU!**

OUR PHILOSOPHY OF VOLUNTEERISM
