### DIRECTOR'S NOTE

### **REVISITING OUR PAST TO TAKE HOLD OF OUR FUTURE**

ACTION VC was founded on the belief that united communities can make a difference by addressing needs and supporting the vulnerable. Our main inspiration is to embody the teachings of Jesus— to love our neighbors unconditionally. Today, that drive still fuels us to identify gaps in care and connect volunteers with service opportunities. To achieve our mission, we depend on the support of partner churches, businesses, agencies, and individuals who generously contribute time, talent, and resources to transform lives.

This report highlights the results of our passion, partnerships, and investments. Yet, the true impact goes beyond numbers; it's seen in lives filled with renewed hope— a child's joy at Christmas, restored freedom for the immobile, and the assurance of safety for the elderly. Thank you for joining us in taking action to restore hope one need and one neighbor at a time!

### OUR WORK

#### **VULNERABLE FAMILIES**

Many families are at risk of being stuck in the cycle of poverty. Some live paycheck to paycheck but do not qualify for benefits or have been impacted by a loss, and now parent alone. When our volunteers connect to these families, we meet spiritual needs as well as physical ones.

### **PEOPLE WITH DISABILITIES**

Almost a third of Ventura County's population are living with disabilities, and people with a disability are more likely to live in poverty than those around them. We meet accessibility needs at no cost to our neighbors so they can remain independent and safe at home.

### **LOW-INCOME SENIORS**

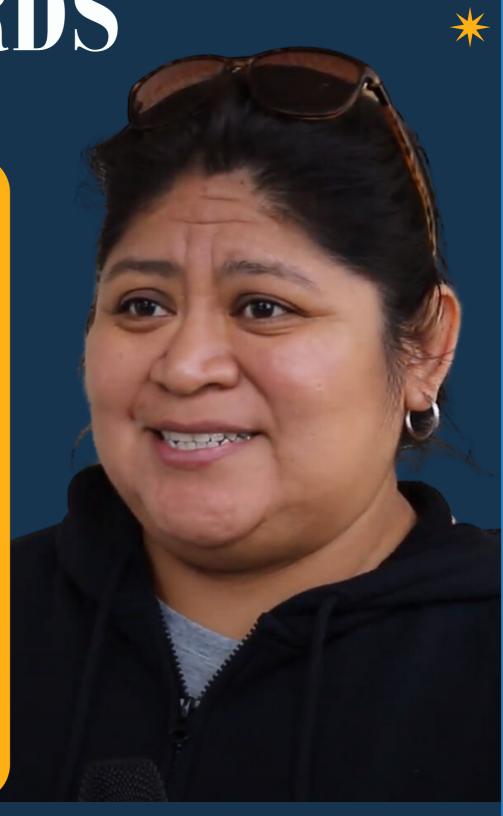

Seniors 65+ are the fastest-growing demographic in Ventura County, and 8% live below the poverty level. By meeting their critical repair needs, we keep our seniors safe in their homes and create restorative relationships within the neighborhood.

### TERESA'S STORY

"I was so stoked I got to take my sister out. It was the best day of my life. And it was the ramp!" Teresa and her siblings have looked out for their disabled sister, Martina, all her life. Five years ago, Martina, who has down syndrome, contracted pneumonia. She was hospitalized and when it became septic she lost some cognitive faculties as well as the use of her legs. "I thank God she's been able to be home with her family," said Teresa. But it hasn't been easy to get Martina in and out of the house.

It previously took four people to take her out on an unstable, makeshift ramp. Enter ACTION VC's volunteer Accessibility for All building team. "They came in full force! They knew exactly what they were doing and they took care of it."

Because of your support we were able to install an ADA-compliant wheelchair ramp leading up to Martina's house so she can easily and safely enter and exit the home. "It means everything, it means easy accessibility when there's an emergency. If there's a fire... how're you going to get your loved one out? It's a big difference." Small acts of service make big changes in the community.
